5 September 2019

Dear Parents and Carers

Today we were contacted by the Nepean and Blue Mountains Public Health Unit informing us that later in the day it will issue a public health alert regarding Measles. We understand that an adult member of the Our Lady of the Nativity Lawson community has been diagnosed with Measles.

For privacy reasons, we are unable to name the person who has been diagnosed but understand that the person attended school drop-off and pick-up on Monday this week (2 September). Of course, the school is following strictly the advice of NSW Health in its response to this.

Information and advice from NSW Health about Measles is available [here](http://www.health.nsw.gov.au) (www.health.nsw.gov.au). This page also includes a link to a Measles Fact Sheet. If you would like to speak to someone about Measles, please call your local public health unit on **1300 066 055**.

I will continue to keep you advised as additional information about this matter is provided to us.

Kind regards

Mrs Lisa Samojlowicz
Principal
